POLICY OF THE CANYON COUNTY SHERIFF'S OFFICE

Sexual abuse and sexual activity may seriously obstruct the ability of the Sheriff's Office to fulfill its mission to prevent crime and provide quality criminal justice service. In accordance with the Prison Rape Elimination Act of 2003, the Canyon County Jail has established a zero tolerance standard regarding the incidence of rape, sexual assault, sexual misconduct, sexual harassment and sexual activity.

1. SCOPE

With this policy the Canyon County Sheriff's Office is establishing practices that will attempt to abate any incidence of rape or sexual activity. The Sheriff's Office does not condone nor tolerate any type of inmate rape, sexual assault, sexual misconduct, consensual sexual contact, sexual abuse and sexual harassment toward any inmate. The Sheriff's Office shall protect the rights of staff, inmates, residents, clients, and all other authorized persons regardless of gender, or sexual orientation, by holding perpetrators accountable, holding Detention personnel accountable who fail to detect, prevent and reduce the incidence of illegal or inappropriate behavior and by holding accountable Detention personnel who fail to discipline the perpetrators of sexual crimes and sexual misconduct. Every allegation of sexual misconduct will be investigated, and when warranted, sanctions up to and including dismissal of authorized personnel, discipline of offenders, and criminal prosecution of authorized personnel and/or offenders will be imposed.

2. PURPOSE

- Include the standardized definitions in the Canyon County Detention Center policies.

- Clearly identify and express the accountability of all staff, when dealing with incidents of sexual abuse protects the 8th amendment rights of inmates in custody of the Canyon County Sheriff's Office.
- Increase the efficiency and effectiveness of programs within the Detention Center by providing a safe environment for inmates to be free from sexual abuse within the facility.

1. Annual Training.
2. Video Reviews.
3. Unannounced Supervisory Checks.
4. Mandatory Reporting practices.

5. Causes victims severe psychological and physical effects.
6. Increases the risk of homicide, suicide, and violence against offenders and staff.
7. Reduces both victim and offender's ability to successfully transition to the community and law abiding lifestyle.

The Canyon County Sheriff's Office's written policy mandates zero tolerance toward all forms of sexual abuse, sexual misconduct, and sexual harassment towards all persons working in or in the custody of this facility and outlines the agency's approach to preventing, detecting, and responding to such conduct.

Any sexual act, sexual contact, or sexual offense between an inmate and a staff member, visitor, volunteer, contractor, or other inmate is prohibited. No inmate, either incarcerated or under the supervision of the Sheriff's Office, can give consent to any sexual relationship with a staff member. Sexual contact and displays of affection of any kind between two inmates is prohibited by facility rules regardless of consent between the two participants.

The Canyon County Sheriff's Office will achieve "zero tolerance" through the implementation of:

Staff shall be subject to disciplinary sanctions and / or progressive discipline up to and including termination for violating agency sexual abuse or sexual harassment policies.

Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) shall be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories.

All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated, if not for their resignation, shall be reported to law enforcement agencies (Idaho Code 18-6110), unless the activity was clearly not criminal, and to any relevant licensing and certification bodies such as the Idaho Peace Officers Standards and Training Academy.

Inmates shall be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a criminal finding of guilt for inmate-on-inmate sexual abuse.

Sanctions shall be commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories, and discipline may be progressive in accordance to the policies of the Canyon County Sheriff's Office. The agency may, in its discretion, prohibit all sexual activity between inmates and may discipline inmates for such activity. The agency may not, however, deem such activity to constitute sexual abuse if it determines that the activity is not coerced.

In circumstances where the staffing plan is not complied with, the agency will document and justify all deviations from the plan.

Intermediate-level or higher-level supervisors (Sergeant's or Corporal's) will conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment on all shifts, at least once per shift. Unannounced Supervisory Checks will be documented written or electronically, and made available to the PREA auditor as requested at the time of the audit. The Compliance Office will complete additional facility inspections

during their weekly inspection of the detention facility. Staff is prohibited from alerting other staff members that these supervisor rounds are occurring, unless such announcement is related to the legitimate operational functions of the facility.

Video monitoring will only supplement and will not replace physical checks on inmates by staff.

The planning of any upgrade or change to any part of the Detention Center shall also include an evaluation of how the upgrade or change will impact the ability of the staff to protect inmates against sexual abuse.

A review of the facility's staffing plan and video, audio, or any other monitoring systems shall be done during the planning stages of any upgrades or changes to the facility, which will include, but not limited to:

Construction, remodel, alteration, addition, or demolition of any part of the physical structure of the Detention Center; Including Pod 5; addition or subtraction of any video, audio, or any other monitoring devices.

7. JUVENILES

Any inmate under the age of eighteen will not be placed in a housing unit in which the inmate will have sight, sound, or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area, or sleeping quarters.

In areas outside of housing units, the agency will maintain sight and sound separation between juvenile inmates and adult inmates or provide direct staff supervision when juvenile inmates and adult inmates have sight, sound or physical contact.

Absent exigent circumstances, juvenile inmates will be given the opportunity daily to engage in large- muscle exercise and legally required special education services. They will also have access to other programs and work opportunities to the extent possible. Any exigent circumstances will be documented.

8. CROSS GENDER VIEWING AND SEARCHES

Cross gender pat-down searches of female inmates will not be done except in emergency situations. Cross gender strip searches will not be done except in emergency situations. The detention staff will document all cross gender strip searches of inmates. All searches will be conducted in a professional and respectful manner and in the least intrusive manner possible. All cross gender strip searches will be documented. Body cavity searches will only be done by medical personnel.

1. Annual PREA training.
2. Arrest Techniques training.
3. Defensive Tactics training.
4. New Hire Orientation.

Viewing of inmates of the opposite gender in showers, using the toilet, or changing clothes is prohibited except in exigent circumstances or when viewing is incidental to routine cell checks and unavoidable.

Staff members of the opposite gender of those inmates housed in the housing unit are required to announce their presence. Due to the constant nature of cross-gender supervision in all areas of the Detention Center, this announcement will be made at the beginning of each shift and will be documented. When the gender of the deputy assigned to the housing unit has changed, the announcement will be made to notify inmates, such as "Male of Floor" or "Female on Floor" when conducting a security check.

Staff members, except medical staff, will not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. If the inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records, or if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

Male staff may pat search male inmates only, except in exigent circumstances. Female staff may pat search either gender. In cases of exigent circumstances where a male staff is required to pat search a female inmate, the staff person shall obtain supervisory permission prior to conducting the pat search and shall fully document his actions in an incident report. Appropriate interpreters will be provided for inmates with disabilities and for inmates who are

limited English proficient. Written materials for inmates with disabilities and for inmates who are limited English proficient will be provided as necessary for recording the correct processing procedures.

Canyon County will not rely on inmate interpreters, inmate readers, or other type's inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety, the performance of first-response duties, or the investigation of the inmate's allegations. The Canyon County Detention Center shall also assist and ensure that the Zero Tolerance policy and reporting methods of sexual abuse are communicated to those inmates who are hearing impaired, have physical or other mental disabilities, to include intellectual, psychiatric, or speech disabilities. When an inmate is identified as possibly being at risk, Classification, detention deputies, and other appropriate facility personnel are notified to determine an appropriate

housing assignment and to take any other necessary safety and security measures. Inmates at high risk for sexual victimization shall not be placed in involuntary segregation unless an assessment of all available alternatives has been made and determination has been made that there is no available alternative means of separation from likely abusers. Housing and programming assignments for transgender or intersex inmates in the facility shall be determined on a case-by-case basis.

All inmates will be assessed within 72 hours during the intake screening for their risk of being sexually abused by other inmates or sexually abusive toward other inmates, as well as periodically throughout the inmate's confinement. Staff shall obtain and use information about each inmate's personal and criminal history, as well as behavior, to make informed decisions in an effort to keep each inmate safe and reduce the risk of sexual abuse and sexual harassment by or upon an inmate. Such assessments shall be conducted using objective screening instruments such as, but not limited to, the Intake Risk Screening and the information collected upon book-in at the ad-tech stations.

Individualized determinations will be made by the Classification Officer on how to ensure the safety of each inmate in housing and programs.

Staff shall disseminate all responses to questions asked and information obtained pursuant to this standard on an as-needed basis, to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. needs to be segregated from other inmates.

A Reassessment of each inmate's risk of victimization or abusiveness shall be conducted within 30 days of the inmate's arrival at the Detention Center.

If the screening indicates that an inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff will ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.

If the intake screening indicates that an inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the inmate screening.

In deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether the placement would present management or security problems.

Lesbian, gay, bisexual, transgender, or intersex inmates shall not be placed in particular housing, bed, or other assignments solely on the basis of such identification or status. In making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether the placement would present management or security problems.

Placement and programming assignments for each transgender or intersex inmate shall be reassessed at least twice each year to review any threats to safety experienced by the inmate. A transgender or intersex inmate's own views with respect to his or her own safety shall be given serious consideration when considering changing housing assignments. Transgender and intersex inmates shall be provided with the opportunity to shower separately from other inmates.

Any inmate placed in involuntary segregated housing shall have access to programs, privileges, education and work opportunities to the extent possible.

Inmates will not be disciplined for refusing to answer, or for not disclosing complete information in response to the screening questions.

The Canyon County Sheriff's Office implements appropriate controls on the dissemination within the facility of responses to questions asked on the intake screening to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. 2. Classifications
3. PREA Coordinator
4. PREA Compliance Officer
5. Administration

Medical and mental health practitioners will obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18.

The agency will offer medical and mental health evaluation and, as appropriate, treatment and ongoing medical care to all inmates who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility. The evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and when necessary, referrals for continued care following their transfer, or placement in, other facilities, or their release from custody.

The Canyon County Sheriff's Office does not typically detain inmates solely for civil immigration purposes, but in the event this occurs, the inmate shall be provided information on how to contact relevant consular officials and relevant officials at the Department of Homeland Security to report sexual abuse.

This will be accomplished through the use of an audio orientation recording played at both Headcounts throughout the entire facility. The Canyon County Detention Center will maintain documentation the audio recording played in English and Spanish and will be recorded on the Bulletin Board.

The agency will maintain documentation of inmate participation in these education sessions.

The agency shall provide inmate education in formats accessible to all inmates, including those who are limited English proficient, deaf, visually impaired, otherwise disabled, as well as to inmates who have limited reading skills. The Canyon County Sheriff's Office will investigate allegations of sexual abuse against inmates by following a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecution.

This standard implicitly includes training on relevant linguistic, ethnic, and cultural differences of inmates. It is recommended that the Sheriff's Office (1) use the incident review process to make adjustments to training curricula; and (2) that the Sheriff's Office work with local rape crisis centers to ensure the training includes the most current information on sexual abuse, if possible.

Each year the employee will be required to sign that he / she understands the training that they have received and a copy of that form and the training received will be kept in the employee's training file.

Victims are encouraged to report instances of rape, sexual assault, and sexual activity. Victims should be encouraged, but not forced to name the assailant. If it is believed that an inmate is the victim of a sexual assault or rape, but is unwilling or unable to name the assailant, the procedures of this policy remain in full force and effect. All procedures for evidence collection, reporting, and investigation should continue as if the perpetrator is known.

The best method of reporting is the quickest, surest, and safest method available to the victim at the time.

These methods are in the following order:

- Report it immediately to a staff member.
- Submit a medical kite, and report it to medical staff.
- Submit an Inmate Communication Form.
- Call someone outside the jail that can contact jail administration.

It is the responsibility of the (designated) Shift Supervisor or PREA Coordinator to check the Canyon County Jail Reporting Line and begin the investigation of any allegations.

Staff will accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document any verbal reports. The agency will make public how to report sexual abuse and sexual harassment on behalf of an inmate.

The Canyon County Sheriff's Office has a Memorandum of Understanding with the Advocates Against Family Violence and will accept reports from inmates which are forwarded to the Canyon County Sheriff's Office.

There is no time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. The inmate may submit the grievance without submitting it to a staff member who is the subject of the complaint and such grievance is not referred to a staff member who is the subject of the complaint. The agency will not discipline an inmate for filing a grievance related to alleged sexual abuse unless the agency confirms the inmate filed the grievance in bad faith. The inmate will not be required to use the informal grievance process to report.

The agency will issue a final decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance. Computation of the 90 day time period will not include time consumed by inmates in preparing any administrative appeal. The agency may claim an extension of time to respond, of up to 70 days, if the normal time period for response is insufficient to make an appropriate decision and will notify the inmate in writing of the extension and the date the decision will be made.

Third parties, including fellow inmates, staff members, family members, attorneys and outside advocates are permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and may file on behalf of the inmate. In order for the agency to allow a request filed on behalf of the inmate, the agency may require that the alleged victim agree to have the request filed on his/her behalf and require the alleged victim to personally pursue any subsequent steps in the administrative remedy process. Refusal of the inmate to allow the request being filed will be documented by the PREA Coordinator.

The agency will establish procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. The grievance will be immediately forwarded to administration for immediate corrective action. The review person will provide an initial response within 48 hours and will issue a final agency decision within 5 calendar days. The initial response and the final agency decision documents the agency's determination whether the inmate is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance.

Inmates will not be required to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse or sexual harassment.

Any staff member or volunteer found to have failed to report sexual misconduct or sexual harassment is subject to disciplinary or other appropriate action, up to and including termination, and may also be subject to criminal prosecution.

Where sexual abuse is alleged, the investigator(s) from within the agency shall have received the specialized training required in the training and education standards of PREA.

The Canyon County Sheriff's Office may enlist the services of an outside law enforcement agency to conduct investigations when it determines that there may be a conflict of interest that may compromise the investigation or when a staff member has been accused of sexual misconduct.

The facility will ask the outside investigator if he/she has had the specialized training and, if not, request that he/she take it. If the investigator refuses to take the specialized training, the Canyon County Sheriff's Office will document its request to the investigator and the investigator's response. The facility will also request that the outside agency follow PREA standards relating to investigations.

Except for individuals responsible for conducting the investigation, other individuals alerted to the allegation, including Canyon County staff, are prohibited from conducting independent inquiries into the circumstances related to the alleged incident(s). The PREA Coordinator shall ensure that facility investigative officers, in addition to the training provided to all staff, receive training in conducting investigations of sexual misconduct in a facility setting. This training shall be documented in the officer's training file. This training shall include techniques for interviewing victims of sexual misconduct including techniques specific to juvenile victims, proper use of Miranda and Garrity warnings, sexual misconduct evidence collection in facility settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Sheriff will decide when the investigation will be handled by investigators of his / her agency or if the investigation should be referred to an outside agency. All referrals will be documented.

If an outside entity conducts criminal investigations, the Canyon County Detention Center will cooperate fully with the investigation by providing access to the suspect, victim, witnesses, and necessary staff. The Canyon County Sheriff's Office will publish the policy regarding the referral of allegations of sexual abuse or sexual harassment for criminal investigation on its website.

Substantiated allegations of conduct that appears to be criminal will be referred for prosecution. The departure of the alleged abuser or victim from the employment or control of the facility will not provide a basis for terminating an investigation.

When outside agencies investigate sexual abuse within our facility, all staff members will cooperate with their investigation.

The agency will impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated.

No matter the outcome of the investigation, each incident needs to have a determination such as substantiated, un-substantiated, or unfounded.

Administrative Investigation:

(1) Shall include an effort to determine whether staff actions or failures to act contributed to the abuse.

(2) Shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

The Canyon County Sheriff's Office will ensure that an investigation is completed for all allegations of sexual abuse and sexual harassment. - The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.

Following an inmate's allegation that he/she has been sexually abused by another inmate, the agency will subsequently inform the alleged victim whenever:

- The agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility.
- The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility.

All such notifications or attempted notifications will be documented.

The agency's obligation to report will terminate if the inmate is released from our custody.

23. SEXUAL ACTIVITY

Consensual sexual activity between inmates is prohibited. Detection can be difficult since both parties have consented and disclosure will result to disciplinary action. Good correctional practices can reduce, prevent, and detect sexual activity.

Avoiding a sexually charged atmosphere, conducting random well-being checks, observing offender behavior, taking extra precautions with vulnerable inmates, and ensuring offenders are housed in a correct housing assignment, reduces the opportunity for sexual activity.

Sexual contact between staff and inmates is never consensual. It is a felony for any officer, employee, or agent of a state, local or private correctional facility, and those terms are defined in section 18-101A of Idaho Code, to have sexual contact with a prisoner, whether an in-state or out of state prisoner, as those terms are defined in section 18-101A of Idaho Code, housed in such facility.

For the purposes of this section "sexual contact" means sexual intercourse, genital-genital, manual-anal, manual-genital, oral genital, anal-genital or oral-anal, between persons of the same or opposite sex. Any person found guilty of sexual contact with a Prisoner is punishable by imprisonment in the state prison for a term not to exceed life. (Idaho Code 18-6110)

24. RETALIATION

Disciplinary action will be taken against any employee who retaliates against other staff or inmates who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigation.

The agency employs such protection measures such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

For at least 90 days following a report of sexual abuse, the agency will monitor the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible

retaliation by inmates or staff, and will act promptly to remedy any such retaliation.

During the 90-day monitoring period, the PREA Coordinator or his / her designee will conduct additional checks on the inmate as a method of monitoring the conduct and treatment of inmates or staff who reported the sexual abuse and sexual harassment to see if there are changes that may suggest possible retaliation by inmates or staff and promptly remedy any such retaliation.

These additional checks can include but are not limited to:

1. Additional interviews with the inmate / staff member
2. Video reviews
3. Performance Assessments
4. Conduct Assessments
5. Status Checks

If any other individual who cooperates with an investigation expresses a fear of retaliation, the Canyon County Sheriff's Office shall take appropriate measures to protect that individual against retaliation.

Inmates who are transferred from one facility to another will be educated regarding their rights to be free from sexual abuse, sexual harassment, and retaliation; as well as for reporting such incidents; and if the new facility policies and procedures differ from those of the previous facility.

Specific staff members can be assigned to the monitoring of possible retaliation allegations. CCSO shall deploy multiple protection measures, such as housing changes or transfers, for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

Items the agency should monitor include any inmate disciplinary reports, housing or program changes, or negative performance reviews or reassignments of staff. The agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.

The obligation to monitor shall terminate if the determination shows the allegation is unfounded.

25. SEXUAL ABUSE INCIDENT REVIEWS

The agency will conduct a sexual abuse incident review within 30 days after the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded to assess the entire process for recommendations for improvement as well as identifying what are good practices.

The review team will include upper-level administrators with input from line supervisors, investigators, and medical or mental health practitioners.

The review team will:

- Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse.
- Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
- Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
- Assess the adequacy of staffing levels in that area during different shifts.

- Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.
- Prepare a report of its findings and any recommendations for improvement and submit such report to the administrator and PREA Coordinator.
- Review Classification and housing.
- Review imminent risk factors for the victim.
- Review proper adherence to the PREA and jail operations policy, procedures, and processes by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement.

The facility will implement the recommendations for improvement, or will document its reasons for not doing so.

26. FALSE REPORTS

If an investigation finds that an allegation of rape, sexual assault, or sexual activity was false, the case should be reviewed for prosecution. A disciplinary topic report should also be written.

An inmate who reports in good faith any incident of rape, sexual assault or sexual activity that is unfounded or unsubstantiated will not be disciplined.

Material omissions regarding such conduct or the provision of materially false information by staff, are grounds for termination.

27. FEDERAL REPORTING MANDATE

If the Canyon County Sheriff's Office is selected to receive the yearly Survey on Sexual Violence from the Bureau of Justice Statistics, it will complete and submit the survey.

28. DATA COLLECTION

The agency will collect accurate, uniform data for every allegation of sexual abuse and will aggregate the incident-based sexual abuse data at least annually. The data collected will include, at a minimum, the data necessary to answer all of the questions from the most recent version of the Survey of Sexual Violence. Upon request the agency will provide all such data from the previous calendar year to the Department of Justice no later than June 30.

The agency will ensure that the data collected is securely retained and will maintain the data for at least 10 years after the date of the initial collection.

The agency will make all aggregated sexual abuse data readily available to the public at least annually through its web site or other means. Before making the data publicly available, the agency will remove all personal identifiers and comply with Idaho Public Records laws.

The agency shall obtain incident based and aggregated data from every private facility with which it contracts for the confinement of its inmates.

29. DATA REVIEW

The agency will review data collected and aggregated from above in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training, including by:

- Identifying problem areas
- Taking corrective action on an ongoing basis

- Preparing an annual report of its findings and corrective actions for each facility, as well as the agency as a whole

This report will include a comparison of the current year's data and corrective actions with those from prior years and shall provide an assessment of the agency's progress in addressing sexual abuse.

The agency shall maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews.

The report will be approved by the Sheriff and made readily available to the public through our web site or through other means. The agency may redact specific material from the reports when publication presents a clear and specific threat to the safety and security of a facility, but will indicate the nature of the material redacted.

30. AUDITS

The agency will ensure that it is audited once every three years as required by PREA.

The audit shall be conducted by an auditor certified by the US Department of Justice to conduct audits of inmate facilities for compliance with the National PREA Standards to Prevent, Detect, and Respond to Prison Rape.

No audit of the CCSO shall be conducted by an auditor who has received financial compensation from the CCSO (except for compensation received from conducting prior PREA audits) within three years prior to the agency's retention of the auditor.

Subsequently, the CCSO shall not employ, contract with, or otherwise financially compensate the auditor for three years subsequent to the CCSO's retention of the auditor, with the exception of contracting for subsequent PREA audits.

The Canyon County Sheriff's Office shall bear the burden of demonstrating compliance with the standards.

The auditor shall:

- Review all relevant policies, procedures, reports, internal and external audits, and accreditations.
- Review, at a minimum, a sampling of relevant documents and other records and information for the most recent one-year period.
- Have access to, and shall observe, all areas of the CCSO Detention Center.
- Be permitted to request and receive copies of any relevant documents (including electronically stored information).
- Retain and preserve all documentation (including, e.g., video tapes and interview notes) relied upon in making audit determinations.
- Such documentation shall be provided to the Department of Justice upon request.
- Interview a representative sample of inmates, and of staff, supervisors, and administrators.
- Review a sampling of any available videotapes and other electronically available data that may be relevant to the provisions being audited.
- Be permitted to conduct private interviews with inmates
- Attempt to communicate with community-based or victim advocates who may have insight into relevant conditions in the CCSO Detention Center.
- Furnish contact information to the CCSO Detention Center, which shall be posted in a conspicuous place visible to staff and inmates, who shall both be permitted to send confidential information or correspondence to the auditor in the same manner as if they were communicating with legal counsel.

Audit corrective action plan:

Upon receiving the summary report, if the auditor has found the CCSO Detention Center to be out of compliance with any number of standards, the CCSO Detention Center shall work with the auditor to jointly develop and fully implement a corrective action plan to achieve compliance within the allotted 180-day corrective action period.

After the 180-day corrective action period ends, the auditor shall issue a final report with the determination as to whether the CCSO Detention Center has achieved compliance with the PREA standards, including those requiring corrective action in the summary report.

If it is found that the CCSO Detention Center is non-compliant with any standard, the PREA Coordinator shall address those items with the Canyon County Board of Commissioners and the Canyon County Prosecuting Attorney's Office.

The CCSO Detention Center shall ensure that the auditor's final report is published on the CCSO Detention Center web site.

Sexual Assault Coordinated Response Manual

Sexual Assault

I. Introduction:

1. Prison Rape Elimination Act (PREA) is a Federal law to address sexual violence in prisons, jails, and other correctional facilities. Under PREA, the National Prison Rape Elimination Commission was created with the responsibility for establishing standards for the prevention, detection, response, and monitoring of sexual abuse and violence within correctional systems.
2. Sexual assaults include all sexual acts committed without the full consent of all participating parties, whether or not force or threat is employed. Sexual assault victims require supportive treatment in order to minimize the likelihood of lasting and devastating emotional damage. Because sexual assault is a criminal act, certain procedures must be followed in order to identify and preserve evidence for use in prosecution.
3. When assessing a sexual assault victim, you must first identify injuries that threaten life or limb and initiate appropriate treatment. Sexual assault victims may have been beaten, cut, strangled or otherwise injured. If life or limb threatening injuries are present these must be addressed first.
4. All staff members are responsible for the prevention, detection, and reporting of prison rape and sexual activity. Any employee who fails to report inmate on inmate sexual abuse or staff sexual misconduct/harassment is subject to discipline up to termination.

II. Reporting:

1. All staff members are mandatory reporters of sexual assault.
2. All information pertaining to sexual assault will be on a need to know basis only.

III. Procedures:

1. Notify the shift supervisor immediately.
 - a. The shift supervisor will notify the Jail Commander or his designee.
 - b. The Jail Commander or his designee will contact an investigator.
2. Separate the alleged perpetrator and victim.
 - a. If possible continuously observe the alleged perpetrator and victim until an investigator can see them.

3. Identify and separate witnesses.
4. Obtain a brief narrative of the assault, explaining that a complete statement will be taken at a later time.
5. Provide medical treatment as needed.
6. Secure the crime scene.
 - a. Leave the crime scene exactly as found.
 - b. Protect all areas where physical evidence may exist.
 - c. Provide limited access to the crime scene.
 - d. If evidence cannot be protected or secured take custody of it and retain in your possession until it can be transferred to the investigator.
7. Brief the investigator on the initial facts obtained from the victim.
8. The investigator will call the sexual assault treatment center and advise of the transport if requested and or needed.
9. The investigator will transport the alleged victim to the sexual assault treatment center if requested and or needed.
10. If the alleged victim refuses medical treatment it **must** be documented.
11. Ensure that a PREA response checklist and a Sexual Misconduct/PREA Investigation checklist are completed.
12. Ensure that a written report is completed.
 - a. Reports will be written as directed by the Jail Commander.
 - b. Reports will not be written using the Aegis Corrections system.
