***RE: Installation of Gas Collection System and Flare Station Components Project***

Dear Public Works Contractors:

The purpose of this letter is to advise you that the bids for Canyon County's Installation of Gas Collection System and Flare Station Components Project have been received and reviewed. On April 10, 2023, the County received notice that Syblon Reid Construction Inc. requested relief from their bid and by this notice we hereby grant their request. Accordingly, we have determined that the apparent low bid complying with procedures and meeting specifications is as follows:

- SCS Field Services: \$2,614,806.

Thank you all very much for your thoughtful participation in bidding this project.

SCS Field Services will soon receive a letter from the County's attorney containing the relevant contract, public works contract report, Idaho Tax Commission tax release request form, and other information. I will be in contact with him to discuss coordination details as necessary.

We look forward to working with all of you again in the future.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
