Subject: Conditional Rezone Application--R27927
Attachments: DOC001.pdf

Mr. Barnes,

I am reviewing your application for a conditional rezone and note that although you asked for Commercial zoning you did not specify if you were requesting "C1" (neighborhood commercial) or "C2" (service commercial). We would also like you to include a neighborhood meeting list of the properties notified and the letter sent out to the properties.

REZONE OPTION:

When considering a zoning map amendment (rezone) of a property, a conditional rezone is recommended when considering conceptual site plan and/or addressing potential impacts through mitigation strategies and measures such as restricting uses, limiting the area to be rezoned to retain agricultural uses, and agricultural preservation methods such as buffers and disclosures. Without a conditional rezone, no conditions can be considered as part of the rezone application.

The applicant/owner and DSD Planner must sign (below) if the conditional rezone option was discussed and the applicant/owner declined the option.

CANYON COUNTY ZONING ORDINANCE §07-01-15

Before submitting an application for a public hearing, these steps must be completed:

- (1) Applicants shall conduct a neighborhood meeting for any proposed variance, conditional use, zoning ordinance map amendment, expansion, or extension of nonconforming uses requiring a public hearing.
- (2) It shall be the sole duty of the applicant to provide written notice to all property owners or purchasers of record owning property within six hundred (600) feet of the exterior boundary of the property subject to the application. Notice of a neighborhood meeting shall be in addition to, and not combined with, notices already required by this chapter, and shall include the date, time, location and purpose of the meeting.
- (3) The purpose of the neighborhood meeting shall be to review the proposed project and discuss neighborhood concerns, if any.
 - A. The meeting shall not be on a holiday, a holiday weekend, or the day before a holiday.
 - B. The meeting shall be held at one of the following locations:
 1. On the property subject to the application;
 2. At a nearby available public meeting place including, but not limited to, a fire station, library, school, or community center; or
 3. At a location with suitable meeting facilities if such facilities are within a one (1) mile radius of the nearest public meeting place.
- (4) The neighborhood meeting shall be conducted prior to acceptance of the application by Development Services. The neighborhood meeting shall not be conducted earlier than six (6) months prior to the acceptance of the application, and shall be held no sooner than ten (10) calendar days from the mailing of the notice of the neighborhood meeting.
- (5) Each application for a public hearing shall include a form acceptable to the director, which requires the applicant to provide the starting and ending times of the neighborhood meeting and an attendance list, with names and addresses of those who attended the neighborhood meeting. (Ord.10-006, 8-16-2010)

Notice of Neighborhood Meeting
Conditional Use Permit
Pre-application requirement for a Public Hearing

Date

Dear Neighbor,

We are in the process of submitting an application for a Conditional Use Permit (*or variance, zoning ordinance map amendment, expansion or extension of nonconforming uses, etc.*) to Canyon County Development Services (DSD). One of the requirements necessary prior to submitting the application is to hold a "neighborhood meeting" and provide information to our surrounding neighbors (Canyon County Zoning Ordinance § 07-01-15).

This meeting is for informational purposes and to receive feedback from you as we move through the application process. This is **not** a Public Hearing before a governing body of the County. Once our application has been submitted and processed, a public hearing date will be scheduled. Prior to the scheduled date you will receive an official notification from Canyon County DSD regarding the Public Hearing via postal mail, newspaper publication, and/or a display on the property for which the Conditional Use Permit (or other case type) is applied.

The Neighborhood Meeting details are as follows:

Date:

Time:

Location:

Property description:

The project is summarized below:

Site Location:

Proposed access:

Total acreage:

Proposed lots:

We look forward to the neighborhood meeting and encourage you to attend. At that time we will answer any questions you may have.

Please do not call Canyon County Development Services regarding this meeting. This is a PRE-APPLICATION requirement and we have not submitted the application for consideration at this time. The County currently has no information on this project.

If you have any questions prior to the meeting, please contact me at (phone, email, written correspondence).

Sincerely,

NEIGHBORHOOD MEETING SIGN-UP

Letter of Intent

The current zoning of land is rural residential, it is being requested that the land be rezoned too commercial. It is being requested that the land be zoned commercial so that the business may use the facilities for staging and storage purposes. All business activities are done off location. There is a small office space where a limited number of employees conduct meetings, no customers come on-site. Business hours are from 8am to 5pm Monday through Friday, employees meet on-site in the morning to pick up work trucks and meet on-site at the end of the business day to return work vehicles. Noise levels are very minimal as the facilities are primarily used for staging and storage purposes. There are a total of seven employees that come and go throughout the week, making the impact on traffic very minimal. The property is not within the city limits of Nampa therefore the rezone should have no impact on the city of Nampa. Surrounding the proposed parcels there is land zoned as residential mixed use, community mixed used, industrial, and commercial. Rezoning these parcels to commercial is compatible with surrounding land use as the area is changing and there is already an established industrial zone within just a mile of the property. At this time there will be no impact to the city services as there is an existing individual well and septic that service the property. In future the business would consider adding a septic to one or both of the back two parcels which would not impact city services. To conclude the business requests a rezone from rural residential to commercial as the impact to traffic, noise level, and the surrounding area are minimal. The rezone is also compatible with the land use in the surrounding area and would continue to support the growth and change that is already happening within this area.

Proposed Conditions of Approval

To whom it may concern Mad River Development is requesting a conditional rezone at the property of 6213 Airport Rd. Nampa, ID 83687. The property currently is used as a staging area and has a caretaker residence onsite. In addition to these two conditions, we would also like to have the option to use the property for a landscaping business, contractor shop, or indoor recreation in the future. We give up all other conditional uses of a commercial property except for the ones previously listed.

Hello,

I am emailing to obtain agency acknowledgment for the informal review of the property located at 6213 Airport Rd. We are looking to go from rural residential to commercial so that we may be allowed to store company vehicles there. We do not plan on making any changes to the property at this time, except what is required as conditions for approval. Thus far the only pre-approval condition we have is to add paved aprons on Airport Rd. I have attached a map of the property, the comprehensive plan amendment sheet, the zoning amendment sheet, and the agency acknowledgement sheet. Thank you for taking the time to read, if you have any questions or concerns please feel free to contact me.

Kind Regards, Elyse.

Hi Elyse – The future land use designation over this property is Low Density Residential in the Nampa Future Land Use Map. The map allows a future land use designation to be “stretched” over adjacent parcels that are not in a Specific Area Plan. In your case, the Community Mixed use designation can be stretched over your parcel. That would allow light industrial and commercial uses. Here is the Community Mixed Use definition in the Nampa Comprehensive Plan. Please note the highlighted areas:

5.6.7 Community Mixed Use (8.01+ Dwelling Units Per Acre [Gross])

The Community Mixed-Use designation is to specifically include commercial uses with a focus on providing communitywide needs and services and low-impact industrial uses. These areas should be sited along major transportation corridors and include public transportation access wherever feasible. At least **5 - 50% of the gross parcel area should be in high-density residential.**

Land uses could include commercial retail, large grocery stores, box stores, hotels, services for apartment-dwellers, live/work, recreation, employment centers with various business operations, commercial or light industrial/industrial business park/business park land uses with an emphasis on office and workshop facilities with minimal yards, business campuses, etc.

5.6.7.1 Community Mixed Use Design Principles

- Located on major transportation corridors, arterials, collectors, and gateways with commercial elements oriented to the corridor, a frontage road or local access road.
- Developments should have interconnected circulation systems with convenient and easily interpreted access and egress for automobiles, pedestrians, and public transportation
- A Planned Unit Development, Master

Planned Community, or subdivision with high-density residential is encouraged.

- Neighborhoods and associated residential structures should be well-designed; and include streetscape, plazas, and landscape elements that are scaled appropriately; The feel of neighborhoods and shopping areas should be open and inviting, well lit, and connected.
- Should follow criteria outlined in design review, architectural, building, and engineering codes.
- Land Uses that are located on major transportation corridors, should be subject to a higher standard of street presence, including, but not limited to landscape buffers, building treatments, and screened fencing requirements.

Zoning districts that would fit in this land use designation include RD (3-4 Dwelling unit buildings), RML, RMH, RP, BC, GB1, GB2, IP, IL, HC, and U.

Thanks - Doug
