Case: SD2021-0039 – Subdivision Preliminary Plat

To whom it may concern,

This letter of support represents the position of neighbors in the vicinity of parcel no. R35590 whose signatures can be found below. We support the Planning and Zoning Commission's recommendation (condition six) to waive the City of Caldwell requirements for this plat. This recommendation is in keeping with the rezoning and plat requirements previously approved by the Canyon County Commissioners for the adjacent subdivision, Tranquil Place, located East and contiguous to Alyson Meadows Subdivision.

Thank you,
