Letter of Intent

We intend to provide seven deed restricted approximately two acre buildable lots for single family residences only. Each lot will be self-contained with its own well and septic. Each lot will be provided irrigation water rights through Black Canyon Irrigation district. Waste water will be removed through a drainage ditch at each lot which all lead to the original drain system of Conway Gulch. Access to the lots will be provided by a private gravel road with the Canyon County approved name of Yellow Jacket lane. The private road will bisect the property with three lots East of Yellow Jacket and four lots on the West. Access to the traffic count of ten trips per day with seven lots should be approximately seventy trips per day. The traffic count will not impact pre-existing traffic patterns. This property is zoned RR, rural residential has a subdivision to the North and one to the East. The lot to the South is currently seeking a lot split to build two more residences on the property. The property to the West is currently applying for a rezone to begin the splitting process. Building setbacks will follow current RR zoning rules of front, rear and corners twenty feet and sides ten feet. The entire property is enclosed by a livestock fence which will remain. A three foot wide and four hundred forty-five foot long easement running East-West across lot four will be given to lot five for waste water removal across lot four.
