PROCESS: DIRECTORS DECISION

Mark Johnson 1-1-2023

Detailed description describing request

To whom it may concern:

I am requesting approval of a land division of my 2.91 acres located at 25220 Kingsbury Rd. Middleton ID 83644 into two total residential lots. The purpose for dividing the land is to create an additional building lot for the unused half of my property that is currently a field of dry grass and weeds.

The current property boundary lines measure 200 feet wide by 630 feet long. The design for the two lots that is most appealing to me and I believe is in the highest and best use of the property is to divide the property in half long ways NW to SE and record an easement on the NE side of the front lot to give permanent access to both the front and rear lots. A copy of my engineered site plan is included with my application and shows both proposed large lots of 1.49 acres each and easement for access. A reduction in the access easement width down to 36' is also being requested. As part of a Development Agreement and/or Conditional Rezoning consideration, secondary residences on either lot will not be allowed which eliminates the requirement for a private Ln. Additionally, if there is a need to go with just a rezoning and allow secondary residences that would be agreeable too, but for now a conditional rezone is the focus.

I believe that this land division is a positive for this area as currently the property is just a dry, dusty open area of land and the future use of a residential home and landscaping consistent with home sizes, style and large lots in the area will be a positive by beautifying the land and creating an environment that reduces dust and potential fire hazard.

Regarding this proposed land split, I have had a pre-development meeting with Jenna Petroll and staff of Canyon County Development Services, talked with the City of Middleton, ID and Star, ID, talked with Middleton Rural Fire District / Star Fire Protection District, talked with the Canyon Highway District No. 4, talked with the Idaho Department of Water Resources regarding a domestic well (NOT an area of concern for a well according to them), talked with Idaho Public Health (Septic System), followed Canyon Counties guidelines and mailed invites to and held a neighborhood meeting for my neighbors within 600 feet of the project site on Dec. 12, 2022 and talked directly with my immediate neighbor to the NE John Perez about my proposed land division and all parties have said that they wouldn't oppose my land division.

In conclusion, I believe that the organized and clean condition of my current home and property at this site is a testament to the positive environment that I plan to bring to the area with an additional residential lot.

I thank you in advance for your time and consideration in this matter and ask that you pencil me in soon for review of my request in your next available scheduling slot.

Sincerely,

Mark Johns, 25220 Kingsbury Rd, Middleton ID 83644, [REDACTED]

DEVELOPMENT AGREEMENT BETWEEN CANYON COUNTY AND APPLICANT

Agreement number: 24-025

THIS AGREEMENT, made and entered into this 19th day of March, 2024, by and between Canyon County, Idaho, a political subdivision of the state of Idaho, hereinafter referred to as "COUNTY" and Mark Johns, hereinafter referred to as "Applicant."

RECITALS

WHEREAS, The Applicant has applied to the County for a conditional rezone from an "A" (Agricultural) Zone to "CR-R-1" (Conditional Rezone – Single-Family Residential) Zone (CR2023-0001), which are legally described in the attached EXHIBIT "A," incorporated by reference herein (hereinafter referred to as "Subject Property"); and

WHEREAS, Parcel R37463010A, approximately 2.90 acres, is owned by the Applicant; and

WHEREAS, on the 19th day of March, 2024, the Canyon County Board of Commissioners approved a conditional rezone with conditions of the Subject Property to a "CR-R-1" Zone, which was done with Applicant's approval. The conditions of the approval for the conditional rezone are attached hereto as EXHIBIT "B"; and

WHEREAS, the parties desire to enter into an agreement to comply with Canyon County Code of Ordinances §07-06-07(2) & 07-06-07(7), Canyon County Zoning Ordinance, or as amended, and to ensure the Applicants will implement and be bound by the conditions of the rezone order issued by the Canyon County Board of Commissioners; and

NOW THEREFORE, the parties hereto do hereby agree to the following terms:

SECTION 1. AUTHORIZATION.

This Agreement is authorized and required by Idaho Code §67-6511A; Canyon County Code of Ordinances 07-06-07 (Conditional Rezoning).

SECTION 2. PROPERTY OWNER.

Applicants are the owner(s) of Subject Property which is located in the unincorporated area of Canyon County, Idaho, more particularly described in EXHIBIT "A", attached hereto and incorporated herein, which real property is the subject matter of this Agreement. Applicants represent that they currently hold complete legal or equitable interest in the Subject Property and that all persons holding legal or equitable interests in the Subject Property or the operation of the business are to be bound by this Agreement.

SECTION 3. RECORDATION.

Pursuant to Idaho Code §67-6511A and Canyon County Code of Ordinances, this Agreement shall be recorded by the Clerk in the Canyon County Recorder's Office and will take effect upon the adoption, by the Board of County Commissioners, of the amendment to the zoning ordinance as set forth herein.

SECTION 4. TERM.

The parties agree that this Agreement shall run with the land and bind the Subject Property in perpetuity, and shall inure to the benefit of and be enforceable by the parties, and any of their respective legal representatives, heirs, successors, and assignees. Provided, however, this Agreement shall terminate if the Board of County Commissioners subsequently rezones the property to allow for a higher density use or if annexation of the Subject Property by a city occurs. In this event, however, the Agreement shall only terminate in regards to the portion of the Property that is actually rezoned or annexed, while the remainder of the Property shall remain subject to the Agreement.

If any of the privileges or rights created by this Agreement would otherwise be unlawful or void for violation of (1) the rule against perpetuities or some analogous statutory provision, (2) the rule restricting restraints on alienation, or (3) any other statutory or common law rules imposing time limits, then such provision shall continue until twenty-one (21) years after the death of the last survivor of the now living lawful descendants of George Herbert Walker Bush, former President of the United States, or for such shorter period as may be required to sustain the validity of such provision.

SECTION 5. MODIFICATION.

This Agreement may be modified only in writing signed by the parties, or their successors in interest, after complying with the notice and hearing procedures of Idaho Code §67-6509 and the requirements of Canyon County Code of Ordinances. The modification proposal must be in the form of a revised Development Agreement and must be accompanied by a statement demonstrating the necessity for the requested modification.

SECTION 6. APPLICATION OF OTHER LAWS TO THE SUBJECT PROPERTIES.

This Agreement shall not prevent the County in subsequent actions applicable to the Subject Properties from applying new rules, regulations, or policies that do not conflict with this Agreement.

SECTION 7. COMMITMENTS.

Applicants will fully and completely comply with the conditions of the approved conditional rezone of the Subject Property from "A" (Agricultural) Zone to "CR-R-1" (Conditional Rezone – Single-Family Residential) Zone, which conditions are attached hereto as EXHIBIT "B".

SECTION 8. USES, DENSITY, AND HEIGHT AND SIZE OF BUILDINGS

The density or intensity of use of the Subject Properties is specified in the commitments of Section 7 unless conditioned otherwise (see EXHIBIT "B"). The uses and maximum height and size of the buildings on the Subject Properties shall be those set pursuant to law, including those contained in the Canyon County Code of Ordinances, that are applicable to an "CR-R-1" (Conditional Rezone – Single-Family Residential) zone and those provisions of law that are otherwise applicable to the Subject Property.

SECTION 9. LIABILITY AND INDEMNITY OF COUNTY.

A. COUNTY REVIEW.

Applicants acknowledge and agree that the County is not and shall not be, in any way, liable for any damages or injuries that may be sustained as a result of the County's review and approval of any plans or improvements, or the issuance of any approvals, permits, certificates or acceptances, relating to the use and development of the property described in EXHIBIT "A," and that the County's review and approval of any such plans and the improvements or the issuance of any such approvals, permits, certificates, or acceptances does not, and shall not, in any way, be deemed to insure or ensure Applicants or any of Applicants' heirs, successors, assigns, tenants, and licensees, against damage or injury of any kind and/or at any time.

B. COUNTY PROCEDURES.

Applicants acknowledge that notices, meetings, and hearings have been lawfully and properly given and held by the County with respect to Applicant's conditional rezone application in Development Services Department Case Number CR2023-0001 and any related or resulting development agreements, ordinances, rules and regulations, resolutions or orders of the Board of County Commissioners. Applicants agree not to challenge the lawfulness, procedures, proceedings, correctness or validity of any of such notices, meetings, hearings, development agreements, ordinances, rules, regulations, resolutions or orders.

C. INDEMNITY.

Applicants agree to, and do hereby, defend, hold harmless and indemnify the County, the Board of County Commissioners, all County elected and appointed officials, officers, employees, agents, representatives, and attorneys, from any and all claims that may, at any time, be asserted against any such parties in connection with (i) the County's review and approval of any plans or improvements, or the issuance of any approvals, permits, certificates, or acceptances relating to the use and/or development of the Subject Properties; (ii) any actions taken by the County pursuant to Subsection 9(B) of this Agreement; (iii) the development, construction, and maintenance of the property; and (iv) the performance by County of its obligations under this Agreement and all related ordinances, resolutions, or other agreements.

D. DEFENSE EXPENSES.

Applicants shall, and do hereby agree, to pay, without protest, all expenses incurred by the County in defending itself with regard to any and all of the claims identified in Subsection 9 of this Agreement. SECTION 11. REQUIRED PERFORMANCE.

Applicants shall timely carry out all steps required to be performed and maintain all commitments set forth in this Agreement and as set forth in County laws, ordinances, rules and regulations as they pertain to the Subject Property including, but not limited to, those concerning the commencement of development, completion of development, preliminary platting and final platting.

SECTION 12. DEFAULT AND REMEDIES.

In the event of a default or breach of this Agreement or of any of its terms or conditions, the party alleging default shall give the breaching party not less than thirty (30) days, Notice of Default, in writing, unless an emergency exists threatening the health and safety of the public. If such an emergency exists, written notice shall be given in a reasonable time and manner in light of the circumstances of the breach. The time of the giving of the notice shall be measured from the date of the written Notice of Default. The Notice of Default shall specify the nature of the alleged default and, where appropriate, the manner and period of time during which said default may be satisfactorily cured. During any period of curing, the party charged shall not be considered in default for the purposes of termination or zoning reversion, or the institution of legal proceedings. If the default is cured, then no default shall exist and the charging party shall take no further action.

SECTION 13. ZONING REVERSION CONSENT.

The execution of this Agreement shall be deemed written consent by Applicants to change the zoning of the Subject Properties to its prior designation upon failure to comply with the terms and conditions imposed by the approved conditional rezone and this Agreement. No reversion shall take place until after a hearing on this matter pursuant to Idaho Code §67-6511A. Upon notice and hearing, as provided in this Agreement and in Idaho Code §67-6509, if the properties described in attached EXHIBIT "A" are not used as approved, or if the approved use ends or is abandoned, the Board of County Commissioners may order that the property will revert to the zoning designation (and land uses allowed by that zoning designation) existing immediately prior to the rezone action, i.e., the Subject Properties conditionally rezoned from "A" (Agricultural) Zone designation to "CR-R-1" (Conditional Rezone – Single-Family Residential) Zone designation shall revert back to the "A" (Agricultural) Zone designation.

SECTION 14. COMPLIANCE WITH LAWS.

Re: Sun View Lane Preliminary and Final Plat Application

Dear Ms. Alnajjar,

Keller Associates, Inc. has reviewed the Preliminary Plat and Final Plat for Sun View Lane. We reviewed the applicant's package for conformance with the Canyon County Code Ordinance Article 17. We have the following comments in order for the applicant to satisfy the County's requirements:

Preliminary Plat

1. Provide a revision block in the lower righthand corner.
2. Per County Code, vicinity map shall be drawn to scale showing main arterial and collector road names.
3. Historic irrigation lateral, drain, and ditch flow patterns shall be maintained unless approved in writing by the local irrigation district or ditch company.
4. Runoff shall be maintained on subdivision property unless otherwise approved.
5. Plat shall comply with requirements of the local highway district.
6. Plat shall comply with Southwest District Health requirements.

Final Plat

1. Spell out HOA on Note 7.
2. Provide revision block in the lower righthand corner.

We recommend that **conditions 1 through 2 on the Preliminary Plat and Condition 1 through 2 on the Final Plat listed above be addressed prior to approval. Please note on the Final Plat, that the County Surveyor may have additional comments outside of this letter prior to Final Plat signature.** Any variance or waivers to the Canyon County standards, ordinances, or policies must be specifically approved in writing by the County. Approval of the above-referenced Preliminary Plat, when granted, does not relieve the Registered Professional Land Surveyor or the Registered Professional Engineer of those responsibilities.

If you have any questions, please do not hesitate to call Keller Associates at (208) 244-5065.

Sincerely,

**RE: Sun View Lane Subdivision Preliminary and Final Plat (Short Plat)
Canyon County Parcel R37463010A0**

Dear Commissioners:

Highway District No. 4 (HD4) has reviewed the application for preliminary plat and final plat (short plat) of Sun View Lane Subdivision, parcel R37463010A0, approximately 2.91 acres, located in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 26 T5N R2W. HD4 provides the following comments on the proposed development:

General

The subject property is located on the east side of Kingsbury Road north of the Purple Sage Kingsbury intersection by approximately 1,120'. The subject property is more than 1 mile from city limits. This parcel is considered rural for development purposes.

Kingsbury Road is classified as a principal arterial on the long range functional classification maps adopted by HD4 and Canyon County. Existing right-of-way for Kingsbury Road along the subject property is a 25-foot (half-width) prescriptive easement, measured from existing road centerline. Ultimate right-of-way width for a principal arterial is 50-feet (half-width), measured from the section line. The proposed 40' ROW dedication is consistent with surrounding subdivisions, Purple Sky Ranch, Mills Willow Creek, and Kingsbury Meadows and can be considered. The 70' setback from section line still applies.

Preliminary Plat

1. For next submittal please provide checklist and review plans against the HD4 preliminary and final plat checklist
2. Change all references from Canyon [County] Highway District 4 to Highway District No. 4 and from CHD4 to HD4. Review all sheets.

Sheet 1

1. All obstructions and right-of-way encroachments are shown to be removed
 - a. Add callouts for the following:
 - i. Remove existing south approach and restore borrow ditch
 - ii. Remove all trees within the 40' ROW
 - b. Prior to constructing the above improvements please request utility permit from HD4
 - i. (Please know prior to final plat signature, completion of the above items are required)
2. Is there a phone ped in the access easement? How does this affect the shared approach? Does it require relocating? Please identify
3. Intersection sight distance measured from phone pedestal to the north meets 45 mph.
 - a. Shared approach location meets standards

Final Plat

1. Change all references from Canyon [County] Highway District 4 to Highway District No. 4 and from CHD4 to HD4. Review all sheets.

Sheet 1

1. Add, "No permanent structure shall be located closer than seventy feet (70') to any section line or quarter section line preserved for a future road unless the highway district having jurisdiction waives the seventy foot (70') setback requirement."

Sheet 2

1. Change to, "The public streets and rights-of-ways shown on this plat are dedicated to the public forever."
2. Correct HD4 plat statement

Please revise the preliminary plat and final plat to address the comments above, and re-submit a single full-size hard copy and an electronic copy of the plat and supporting documents for approval.

Short plat application fee of \$340 (\$300+\$20/lot) is due and required in next submittal.

If you have any questions you are welcome to call.

Mark,

Variance application can be found here: <https://hwydistrict4.org/download/application-for-variance/>

Application fee is \$750

Do know staff recommendation to the Board will match the previous option 2:

2. Surveyor provides dimension in preliminary plat from tree trunk to edge line (fog line) or centerline (HD4 staff prefers edge line assuming this is in the survey topo). Trees that are closer than 16' shall be removed. Trees that are [more than] 16' ~~or further~~ from edge line those trees may remain with the following conditions:

- a. Applicant signs a license agreement with HD4 (prior to HD4 final plat signature)
 - b. Cash deposit equivalent to landscaper estimate (prior to HD4 final plat signature)
 - i. Applicant provides estimate from landscape company for tree and stump removal
1. Staff to confirm the estimate

Lenny,

Before deciding on doing one of the options given, which are not desirable on my end, but are an option to approval, I have to keep trying here for a bit because the trees are such a valuable asset to my property and my quality of life as well. They provide aesthetic beauty, value and block from winds, the hot sun and help reduce road noise.

The road I live on is far from any area of future improvements and or development to the area. I have the power poles on my side of the road too, so not the ideal side to ever even widen the road which seemingly wouldn't come our way for a long time, if ever.

All along this country setting on Kingsbury road where my property is, there are trees within the set back called out and to be the only one that would cut their trees down or have to pay a deposit to keep my trees is unfair and would make my property look worse visually.

I'm asking for a meeting with your department to further examine this request.

Please advise.

Good morning Lenny,

Checking in on this snowy Monday morning to get your thoughts on my proposal email below.

Looking forward to hearing from you on this and keep moving forward as I'd really like to get my final approval on my project by spring this year as I've been in this process for a really long time now and am ready.

All the best,

Lenny,

Thanks for working on the tree scenario with me and providing some options that could work.

We will definitely have to come up with a solution that works so that the process can keep moving forward to get my final approval.

Thought for consideration :

If I was to put into writing that if for the need of any future road improvements, etc, that require the trees to be removed that I would remove them myself, at my cost. Additionally, the condition would run with the property indefinitely.

Please let me know your thoughts on this and we'll keep working towards a solution.

All the best,

Mark Johns

Hi Dalia,

Request for comments.

- 1.) Will a Nutrient Pathogen Study be required? **A Nutrient Pathogen Study is NOT required for this development.**
- 2.) Will adequate sanitary systems be provided to accommodate the use? **Yes, test holes have been conducted and the type of septic system has been determined for lot 2, based on the approved Subdivision Engineering Report (SER) and associated plans and specifications.**
- 3.) Any concerns about the use or request for rezoning? If so, are there any conditions or mitigation measures recommended to ensure the use or requested rezone minimizes potential impacts to the surrounding area and nearby city? **Currently, there are no concerns about the rezoning with SWDH.**

- A. *“The commission or hearing examiner shall hold a noticed public hearing on the preliminary plat. RE: **Sun View Lane Subdivision Preliminary and Final Plat (Short Plat)**
Canyon County Parcel R37463010A0

Dear Commissioners:

Highway District No. 4 (HD4) has reviewed the application for preliminary plat and final plat (short plat) of Sun View Lane Subdivision, parcel R37463010A0, approximately 2.91 acres, located in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 26 T5N R2W. HD4 provides the following comments on the proposed development:

General

The subject property is located on the east side of Kingsbury Road north of the Purple Sage Kingsbury intersection by approximately 1,120'. The subject property is more than 1 mile from city limits. This parcel is considered rural for development purposes.

Kingsbury Road is classified as a principal arterial on the long range functional classification maps adopted by HD4 and Canyon County. Existing right-of-way for Kingsbury Road along the subject property is a 25-foot (half-width) prescriptive easement, measured from existing road centerline. Ultimate right-of-way width for a principal arterial is 50-feet (half-width), measured from the section line. The proposed 40' ROW dedication is consistent with surrounding subdivisions, Purple Sky Ranch, Mills Willow Creek, and Kingsbury Meadows and can be considered. The 70' setback from section line still applies.

Preliminary Plat

1. For next submittal please provide checklist and review plans against the HD4 preliminary and final plat checklist
2. Change all references from Canyon [County] Highway District 4 to Highway District No. 4 and from CHD4 to HD4. Review all sheets.

Sheet 1

1. All obstructions and right-of-way encroachments are shown to be removed
 - a. Add callouts for the following:
 - i. Remove existing south approach and restore borrow ditch
 - ii. Remove all trees within the 40' ROW
 - b. Prior to constructing the above improvements please request utility permit from HD4
 - i. (Please know prior to final plat signature, completion of the above items are required)
2. Is there a phone ped in the access easement? How does this affect the shared approach? Does it require relocating? Please identify
3. Intersection sight distance measured from phone pedestal to the north meets 45 mph.
 - a. Shared approach location meets standards

Final Plat

1. Change all references from Canyon [County] Highway District 4 to Highway District No. 4 and from CHD4 to HD4. Review all sheets.

Sheet 1

1. Add, "No permanent structure shall be located closer than seventy feet (70') to any section line or quarter section line preserved for a future road unless the highway district having jurisdiction waives the seventy foot (70') setback requirement."

Sheet 2

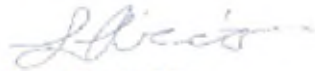

1. Change to, "The public streets and rights-of-ways shown on this plat are dedicated to the public forever."
2. Correct HD4 plat statement

Please revise the preliminary plat and final plat to address the comments above, and re-submit a single full-size hard copy and an electronic copy of the plat and supporting documents for approval.

Short plat application fee of \$340 (\$300+\$20/lot) is due and required in next submittal.

Mark,

Variance application can be found here: <https://hwydistrict4.org/download/application-for-variance/>

Application fee is \$750

Do know staff recommendation to the Board will match the previous option 2:

2. Surveyor provides dimension in preliminary plat from tree trunk to edge line (fog line) or centerline (HD4 staff prefers edge line assuming this is in the survey topo). Trees that are closer than 16' shall be removed. Trees that are [more than] 16' ~~or further~~ from edge line those trees may remain with the following conditions:

- a. Applicant signs a license agreement with HD4 (prior to HD4 final plat signature)
- b. Cash deposit equivalent to landscaper estimate (prior to HD4 final plat signature)
 - i. Applicant provides estimate from landscape company for tree and stump removal
 1. Staff to confirm the estimate

Lenny,

Before deciding on doing one of the options given, which are not desirable on my end, but are an option to approval, I have to keep trying here for a bit because the trees are such a valuable asset to my property and my quality of life as well. They provide aesthetic beauty, value and block from winds, the hot sun and help reduce road noise.

The road I live on is far from any area of future improvements and or development to the area. I have the power poles on my side of the road too, so not the ideal side to ever even widen the road which seemingly wouldn't come our way for a long time, if ever.

All along this country setting on Kingsbury road where my property is, there are trees within the set back called out and to be the only one that would cut their trees down or have to pay a deposit to keep my trees is unfair and would make my property look worse visually.

I'm asking for a meeting with your department to further examine this request.

Please advise.

Mark,

Thank you for the suggestion; however, when removal of the trees is warranted there is no guarantee that you will be in the area to make these improvements. Option 1 or 2 identified below still applies.
