Re: CM/GC CCSO Pond Lane Detention Facility Construction Project RFQ

Dear Proposers:

On behalf of Canyon County and Facilities Director Rick Britton, we write to express the County's sincere appreciation for your submission of statements of qualification for the CM/GC Pond Lane Detention Facility Construction Project and to provide additional information. The County's evaluation committee has ranked the proposers' qualifications for this particular project according to Section V of the RFQ.

The Canyon County Board of County Commissioners issue notice of ranking pursuant to Idaho Code section 67-2320 for this project as follows (in no particular order):

- 1) Okland Construction;
- 2) Core Construction;
- 3) Beniton Construction.

The County will work to schedule follow-up interviews with the top three companies the week of August 25th. The compiled scoresheets will be made available upon request after the final selection is made. The County will enter negotiations with the selected contractor as soon as practical and after the completion of possible additional selection process.

Again, thank you for very much for your thoughtful participation in this Project. We hope you will continue to review and participate in future County projects.

Sincerely,

BOARD OF COUNTY COMMISSIONERS

Commissioner Leslie Van Beek

Commissioner Brad Holton

Commissioner Zach Brooks
